## **DETAILED ACTION**

### ***Election/Restrictions***

Applicant's election without traverse of Group I, claims 1-31, in the reply filed on 10/30/08, is acknowledged. The restriction is final.

## **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

### **In the claims**

Cancel claims 32-33.

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest either in singularly or in combination the following limitations and other elements in the claims. References Horinouchi et al. (US 5,777,975), Daniel (US 3,715,242), and Massen (US Pub. 2003/0137510) do not disclose:

- Creating one or more registration markers with the aid of scanning electron microscope and reposition the one or more registration markers on a silicon surface.
- Encapsulating with silicon such that one or more of the registration markers are still visible on the silicon surface.

Therefore, the above references do not disclose the claimed invention of present application and claims 1-31 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
